

There will be construction on the driveways around the monastery and school during summer break. Below you will find the current parking plan for Mass on June 29th. These plans depend on the state of the construction process, so please check back here again closer to June 29th. Thank you for your understanding and patience!

Please enter the grounds using the Yorktown Ave. entrance marked by the green arrow. You may park anywhere on the grounds including along the right-hand side of the drive as indicated by the light blue line.

Mass will be in the chapel and you can walk to it following the green arrows. There are steps if you go in this direction. If you need an elevator instead, follow the blue arrow for the handicap accessible entrance.
